

Statement concerning NAG Software

I declare that I am a member of HPCVL and as such entitled to a temporary user license of the Numerical Algorithms Group software residing on HPCVL computers. This license is condition to my membership in HPCVL and to the existence of a license agreement between HPCVL and the Numerical Algorithms Group.

I further declare that I will obtain proper temporary license keys from HPCVL for operation of the Numerical Algorithms Software. I will not pass these license keys on to any third party, particularly to non-members of HPCVL. I will use the NAG software covered by this agreement for non-commercial research purposes only, and remove it from my system as soon as the above conditions do not apply anymore.
