We’re more than a powerful computing environment – at HPCVL, you’ll access a vast range of valuable benefits designed to fully support your research efforts:

1. **SECURE RESEARCH ENVIRONMENT**
   Protect your intellectual property through a secure research environment that employs leading-edge security solutions.
   - www.hpcvl.org/security/index.html

2. **GRADUATE SCHOLARSHIPS**
   Entice top talent to your team with attractive graduate student scholarships offered annually by HPCVL and Sun Microsystems of Canada Inc.
   - www.hpcvl.org/scholarships/index.html

3. **HASSLE FREE WORK ENVIRONMENT**
   Eliminate the need to seek specialized equipment or deal with hardware and software issues – HPCVL provides you with technical resources so that you can focus on your work.
   - www.hpcvl.org/support/index.html

4. **REDUCED GRANT WRITING**
   Benefit from the combined efforts of members to obtain resources, programs and specialized hardware for advanced research projects.
   - www.hpcvl.org/research.html

5. **ADVANCED SUPPORT**
   Take advantage of the hardware and software support offered by HPCVL team members, as well as methodology expertise to facilitate the implementation of your research project.
   - www.hpcvl.org/support/index.html

6. **PROFESSIONAL TECHNICAL DEVELOPMENT**
   Improve the quality and extent of your research tools with workshops and programs designed to help you optimize HPCVL’s tools and resources.
   - www.hpcvl.org/support/index.html

7. **SOFTWARE**
   Enjoy access to standardized and specialized software, upgrades and licensing, along with comprehensive technical support and advice.
   - www.hpcvl.org/software/index.html

8. **GLOBAL VISIBILITY**
   Raise the profile of your research and institution through HPCVL publications, news stories and media events – our research projects and world class environment attract international attention.
   - www.hpcvl.org/press_news.html

9. **IN-DEPTH SYMPOSIA**
   Use HPCVL’s annual members’ symposia to share information, gain knowledge, and collaborate on research challenges.
   - www.hpcvl.org/upcoming.html

10. **PROFESSIONAL TECHNICAL DEVELOPMENT**
    Improve the quality and extent of your research tools with workshops and programs designed to help you optimize HPCVL’s tools and resources.
    - www.hpcvl.org/support/index.html

**HPCVL PROVIDES**
researchers and member institutions with a secure and leading edge computing environment for a wide spectrum of disciplines.

**COMMITTED TO DRIVING RESEARCH INNOVATION,**
HPCVL provides advanced capabilities for your research focus, including methodology support, technology expertise and access to funding.

**ACADEMIC OPPORTUNITIES**
Benefit from our educational opportunities, including Chairs in the Computational Sciences established by HPCVL and Sun Microsystems of Canada Inc.
